Subject: Access Agreement to Advance Two Soil Borings at 1831 Guerneville Road,  
Santa Rosa, California.

Mr. Pierucci:

At the request of Redwood Oil Company (Redwood), Environmental Resolutions, Inc. (ERI) performs environmental assessment activities at Redwood Facility 114 located at 1855 Guerneville Road, Santa Rosa, California. ERI is requesting authorization to enter onto your property to advance up to two (2) soil borings. The proposed soil boring location(s) is shown on the attached Generalized Site Plan. The proposed work is being performed at the direction of the California Regional Water Quality Control Board, North Coast Region (Regional Board).

ERI will require access to the area described above for approximately one day.  
During this time, ERI will:

- Survey the surrounding area to locate and avoid any underground utilities.
- Excavate using hand equipment to approximately 5 feet below ground surface (bgs) to clear the location of underground utilities.
- Advance CPT boring CPT6 and an additional boring to approximately to 120 feet bgs.
- Fill the borehole(s) with cement following completion of the boring.

ERI anticipates that the soil boring will be installed in one day. ERI will attempt to minimize disruptions while working on your property. Soil and water generated during drilling activities will be placed in drums and stored at the Redwood facility pending characterization and disposal.

ERI will attempt to place equipment used for this project in a way that will minimize disruptions while working on your property.

Copies of ERI's Workers' Compensation, General Liability Insurance, and Contractors License are attached.

ERI and Redwood greatly appreciate your cooperation in this matter. ERI will coordinate the actual work time and date with either you or the appropriate personnel you designate.

Please sign below if this agreement is acceptable and return one original to ERI. Please call Mr. Glenn Matteucci, ERI's project manager for the site at (707) 766-2030 with any questions.

Sincerely,  
Environmental Resolutions, Inc.
